1 The usability of electronic stores based on the organization of information and features

Kah-Sing Chan

 March 2002 **ACM SIGecom Exchanges**, Volume 3 Issue 2

Publisher: ACM Press

Full text available: pdf(48.13 KB) Additional Information: full citation, abstract, references, index terms

This paper describes an investigation on how the perceived usability of electronic stores is affected by the organization of information and features. An experiment was developed to measure the perceived usability of a sample of electronic stores. This allowed for systematic comparison of information items and features between "high usability" and "low usability" stores. Within the sample of electronic stores tested, there were evidences that the perceived usability of an electronic store is aff ...
